(SUPPLEMENTAL REISSUE APPLICATION DECLARATION BY THE ASSIGNEE, page 2)	Docket Number (optional) P56219RE
<p>At least one error upon which reissue is based is described as follows:</p> <p>I believe the original aforesaid patent to be wholly or partly inoperative because claims 1, 3, 11, 13, 21 and 22 to be too narrow and inadvertently failed to secure to the Patentee a sufficiently, broad scope of coverage, because these claims inadvertently restrict coverage to cathode ray tube displays. These claims should be claimed more generically to cover liquid crystal displays as well as cathode ray tube displays. The specification uses the term "display system" and this can be interpreted to include "liquid crystal display" devices as well as "cathode ray tube" display devices and several other types and other media for display devices, presenting variable visual images, symbols and messages that are visually viewable by a human audience.</p> <p>I/We hereby declare that every error in the patent which was corrected in the present reissue application, and which is not covered by the prior oath(s) and/or declaration(s) submitted in this application, arose without any deceptive intention on the part of the applicant.</p> <p>I/We hereby declare that all statements made herein of my/our own knowledge are true and that all statements made on information and belief are believed to be true; and further that these statements were made with the knowledge that willful false statements and the like so made are punishable by fine or imprisonment, or both, under 18 U.S.C. 1001 and that such willful false statements may jeopardize the validity of the application or any patent issued thereon.</p>
